Religion

We will discuss how people serve, worship and care for others in a parish.

Social Studies

We will play "Who Wants to be a Millionaire?" to remember our state symbols for Kansas Day.

Reading/Writing

The theme for reading is "Protecting our Natural Resources". We will learn about a weed named spartina in Washington that has grown to become a weed and a pest. We will see what people are doing to try and contain it.

We are making posters for our biome or habitat. Please assist your child as much as possible. It is hard to get all of them on the computers in the room throughout the day.

Math

We are concluding Chapter 6 on polygons, symmetry, faces, edges, intersecting and parallel lines with a test on Tuesday. Then we will move into Chapter 7 which is on multiplication tricks and problems.

Science

We will not have science this week because of all the other events for Catholic schools week.
